

ITEM NO.: 18513

CONTENTS: 2X 60 CAPSULES

DAILY SUPPLY

Red, yellow, green, blue... not only is the variety of colors of fruit and vegetables enormous, but also their multitude of valuable nutrients, vitamins, minerals and other substances. Fruits and vegetables' nutrients provide energy and protect the body's cells from harm through free radicals.

To ensure a sufficient supply of phytonutrients, the World Health Organization (WHO) recommends the consumption of at least 5 different high quality portions of fruit and vegetables daily.

Phytonutrients are vegetable micronutrients that protect and stabilize the body's cells against harmful environmental influences (e.g. free radicals that originate through environmental pollution and metabolic processes). Our daily habits make it almost impossible for us to take in the required amount in a balanced spectrum.

BENEFITS

Daily Produce 24™ Fruit Infusion™ and Vegetable Infusion™ will help improve your health in several important ways. In particular, these vegetable and fruit juice powders have been shown to protect the body against oxidative damage by free radicals.

The ingredients in Vegetable Infusion™ and Fruit Infusion™ come from whole fruits and vegetables grown under ideal conditions in rich soil and harvested at peak maturation. Recent research indicates that getting antioxidants from whole foods may be more effective than taking isolated vitamins, minerals, and antioxidants. Both supplements are packaged in gelatin-free capsules of plant origin.*

The fruits and vegetables used in Daily Produce 24™ are not subjected to any unnecessary processing, heating, or pasteurization, which can damage phytonutrients and weaken potency. The fruits and vegetables are pulped in a manner that retains all the nutrient sources, and the liquid is gently flash-dried to minimize damage to nutrients. The resulting high-potency powder is encapsulated without added binders and fillers.

RECOMMENDED USE

Take 2 capsules of Fruit Infusion with water in the morning and 2 capsules of Vegetable Infusion with water in the evening - always together with a meal.

INGREDIENTS

Daily Produce 24® Fruit Infusion

Daily Produce Fruit Blend (plum juice powder, cranberry juice powder, blueberry juice powder, strawberry juice powder, blackberry juice powder, bilberry juice powder, cherry juice powder, apricot juice powder, papaya juice powder, orange juice powder, grape juice powder, and pineapple juice powder), microcrystalline cellulose, magnesium stearate, silicon dioxide, in a vegetable capsule.

Daily Produce 24® Vegetable Infusion

Daily Produce Vegetable Blend (parsley juice powder, kale juice powder, spinach juice powder, wheat grass juice powder, brussel sprout juice powder, asparagus juice powder, broccoli juice powder, cauliflower juice powder, beet juice powder, carrot juice powder, cabbage juice powder, and garlic juice powder), microcrystalline cellulose, magnesium stearate, silicon dioxide, in a vegetable capsule.

- ✓ Provides excellent protection against oxidative stress, as measured by the power and duration of Oxygen Radical Absorbance Capacity.
- ✓ Harvested and processed to maximize whole-food benefits and preserve micronutrients and naturally occurring enzymes.
- ✓ Features extracts that retain natural deep color. Studies have shown that robust colors in food indicate higher levels of nutrient activity.*
- ✓ The best of 24 different fruits and vegetables
- ✓ Derived through a gentle, low-temperature process to maintain the valuable nutrients (Flash Glancing Technology) – no pasteurization
