

ITEM NO: 26567

CONTENT: 60 CAPSULES

SUMMARY

The circulatory system works like the body's superhighway, transporting the essential nutrients and fuel for our bodies to function properly. Circulation facilitates many aspects of human health and wellbeing, and proper blood flow and 1 also make it easier for the heart to pump nutrients through the body. Increased circulation correlates with increased energy, better stamina, and improved mental alertness and memory recall. Enhanced circulation might also mean an enhanced mood and a greater feeling of vitality.

Unicity Renew, along with improved diet and exercise, helps support a healthy circulatory system.

KEY INGREDIENTS

L-Arginine — L-Arginine acts as an antioxidant,¹ as well as increases vasodilation and coronary blood flow.^{2,3}

Tribulus Terrestris — Tribulus Terrestris is a traditional Chinese herb known to promote blood circulation.⁴

Ginkgo Biloba — Ginkgo Biloba increases blood circulation throughout the body.

Maca Extract — Maca Extract is a natural source of minerals such as calcium, iron, and copper.⁵

Mucuna Pruriens — Mucuna pruriens is a bean-like plant used to stimulate blood flow.

American Ginseng Root — American Ginseng root is an herb used for a variety of ailments. The root is used to address atherosclerosis, which is the hardening of the arteries.

B-Vitamins — B-vitamins can increase the energy output of mitochondria in the cells by acting as cofactors, resulting in increased energy and vitality.

Vitamin E — Vitamin E is an ingredient that is well documented in its ability to inhibit blood clotting and increase blood flow.

Black Pepper Extract — Black pepper extract acts as an adjuvant by increasing the permeability, and consequently the absorption, of the active ingredients in Renew.

Service Size: 3-4 capsules / 60 servings per container

This product is not intended to diagnose, treat, cure, or prevent any disease.

FEATURES AND BENEFITS

Renew for Men contains active ingredients such as L-arginine and Ginkgo biloba, which have been shown to open up veins and arteries. Renew can help support a healthy circulatory system and help you focus on what's really important—living life.
